

Email engineer with seven years across design and front-end. I code and automate the systems behind lifecycle email and in-app programs — hand-coded HTML/CSS + Liquid, cross-client QA, and AI-assisted production pipelines. Most recently at Prezi, where I built the Claude + Cursor + Braze pipeline that cut campaign turnaround from 3–8 hours to under 15 minutes, with A/B tests at 3M+ sends per arm.

00 EXPERIENCE

Email Front-end Developer Jun 2024 — Jun 2026
Prezi · Remote, Portugal

- Built the **AI pipeline** that runs lifecycle production: Claude writes, Cursor assembles, Braze ships — campaign turnaround from 3–8h to under 15 min per campaign.
- Hand-coded email templates (HTML/CSS + Liquid) and in-app messages (HTML/CSS + JavaScript), pixel-precise to Figma specs across lifecycle programs.
- Owned cross-client QA across Gmail, Outlook and Apple Mail via Litmus — accessibility checks, dark mode, mobile-first rendering, with performance tracked in Hex.
- Ran subject-line and CTA A/B tests at **3M+ sends per arm**; fed winners back into the ongoing lifecycle after analysis in Hex.
- Open-sourced the patterns behind the pipeline: brief schemas, prompt patterns, Cursor rules and anti-patterns (github.com/leovenom/ai-design-engineering).

Web Designer & Developer Dec 2023 — Jun 2024
Hakkoda · Remote, Portugal · 6-month contract

- Translated Figma designs into responsive production websites using semantic HTML, SEO fundamentals and performance best practices.
- Built and shipped the marketing site end to end on WordPress (Figma, HubSpot), modeling and maintaining content directly in the CMS.

Front-end Engineer · Designer 2021 — 2023
Pier · Remote, Brazil

- Owned the Pier × Tinder Carnival co-marketing campaign: landing page, ad creative and brand surfaces — **5M+ ad impressions in 7 days**.
- Shipped AI-generated ad creatives for auto and smartphone insurance: **1M+ impressions/week** per campaign.
- Built React + DatoCMS landing pages for quarterly OKRs, working alongside content, engineering and PMs in a fast-moving acquisition team.
